## MESSAGE from the SECRETARY

To the Honorable Bobby Jindal,  
Governor of Louisiana, and  
Members of the Louisiana Legislature

"I am pleased to present the 2008-2009 Louisiana Department of Revenue Annual Report for the fiscal year ending June 30, 2009.

The Louisiana Department of Revenue (LDR) has a full slate of programs to carry out our constitutional mandate: collecting and distributing state taxes, regulating the sale of alcoholic beverages and tobacco, and regulating charitable games. This report highlights the activities of the Tax Collection Program.

Making compliance with Louisiana's tax laws as easy as possible is key to our effectively collecting tax dollars. LDR collects on average 75 percent of the State's general fund dollars. During this reporting period, program expenditures of \$83 million and gross tax collections of \$9.6 billion resulted in a 115-to-1 return on investment.

This fiscal year, the Department launched Parish E-File, the uniform electronic local return and remittance system. With its convenient web interface, Parish E-File simplifies the process for businesses to file sales and use tax returns and to remit payments to state and local governments. During the reporting period ending June 30, 2009, businesses filed 233,006 sales and use tax returns and remitted \$480,655,551 in payments.

LDR achieved technological advancements with Louisiana File Online, a free web-based application that allows individual taxpayers to file and pay personal income taxes entirely online.

Also on the LDR website, businesses can register with the department 24 hours a day, seven days a week. They can view their tax filing history and file and pay taxes for sales, severance, corporation income and franchise, hotel and motel, automobile rental, and beer through LaTAP, the Louisiana Taxpayers' Access Point.

Approximately 48 percent of the 4.6 million returns LDR processes are received electronically and 74 percent of the total tax payments are collected electronically. Electronic filing and payments have resulted in greater accuracy, more timely tax filings and payments, increased data integrity, and quicker access to these revenues.

Budgetary constraints forced the closure of two of LDR's regional offices and reduced office hours at remaining locations, but the Department of Revenue remains committed to providing superior customer service. For example, our Mobile Tax Service (MTS) provides on-site assistance to businesses and tax practitioners via wireless technology. MTS agents have real-time access to taxpayer accounts via a tablet PC and wireless Internet card. This access and the capability to update accounts instantly saves time and reduces the number of taxpayer contacts due to inaccurate or outdated information in the system."

Yours in public service,

  
Secretary

# COMPLIANCE CONTINUUM

## office of the secretary

Louisiana's tax collection system is based on the concept of voluntary compliance – the expectation that taxpayers will pay the right amount of tax in a timely manner. LDR is active in a wide range of services that directly or indirectly promote voluntary compliance, from public education that anticipates taxpayer needs to criminal prosecution to fairly enforce all tax laws. This illustration places the range of both LDR and taxpayer activities on a Compliance Continuum to depict these relationships:

LDR	Draft & negotiate tax legislation	Publish forms, instructions, & guidance	Assist & educate taxpayers	Capture return data & process payments	Resolve exceptions	Issue bills & resolve protest	Collect	Audit	Litigate	Criminal enforcement
		Review instructions	Ask questions	File returns & make payments	Answer questions arising from exceptions	Review bills & file protests	Collection defense	Undergo audit	Litigation defense	Criminal enforcement defense
Tax Administration More Taxpayers – Less cost						Compliance Fewer Taxpayers – Higher Cost				

The Compliance Continuum illustrates two important points. First, the cost of tax administration and compliance, for both LDR and taxpayers, generally increases as one moves from left to right. Criminal enforcement against a minority of taxpayers is critical but an inherently inefficient means of collecting taxes. Second, activities on the left side of the continuum directly impact a much larger number of taxpayers acting voluntarily, and hence are more efficient.

LDR seeks to move taxpayers "up" the Compliance Continuum to achieve greater voluntary compliance. This conceptual framework helps us determine our priorities and activities in accomplishing this task.

## REGIONAL OFFICES

### taxpayer guidance

LDR operates Regional Offices in Alexandria, Lafayette, Lake Charles, Monroe, New Orleans, and Shreveport. These offices serve an audit and collection function for businesses operating in each region. Offices are staffed with tax professionals capable of assisting taxpayers in any area of service. In 2009, LDR implemented a budget efficiency plan which closed two offices and curtailed hours and availability of service to “walk-in” customers. Regional Offices now request that taxpayers make appointments to discuss their accounts.

## OFFERS IN COMPROMISE (fy 08-09)

Louisiana Revised Statute 47:1578, as amended by Act 1383 of the 1997 Regular Session of the Louisiana Legislature, authorizes the Secretary of Revenue, under certain conditions, to compromise a judgment for taxes and cancel or release a lien, privilege, mortgage, or other encumbrance.

Under this authority, the Secretary can accept less than full payment as a final settlement for a state tax liability. The statutory conditions for such a settlement are "serious doubt" as to collectibility of the tax due or the taxpayer's liability for the tax, and a higher collection cost than the outstanding liability. The judgment for taxes compromised must be \$500,000 or less, excluding interest and penalty.

## Comparison of Louisiana and Selected States, Corporate Tax Comparison

Comparison of corporate tax bases, minimum tax, and computation of taxable net income, tax laws effective July 1, 2008

### <sup>1</sup> Multistate Tax Compact

#### Article IV. Division of Income

1. As used in this Article, unless the context otherwise requires

(a) "Business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations

(e) "Nonbusiness income" means all income other than business income.

<sup>2</sup> The Louisiana income tax is imposed only upon that part of the net income of a corporation that is derived from sources within Louisiana. Corporations that do business outside of Louisiana must complete Form CIFT-620A, which provides schedules for the apportionment and allocation of net income. All corporations and entities taxed as corporations for federal income tax purposes deriving income from Louisiana sources, whether or not they have any net income, must file an income tax return.

<sup>3</sup> Mississippi Business Income Items – In essence, all income that arises from the conduct of trade or business operations of a taxpayer is business income. The income of the taxpayer is business income unless clearly classifiable as non business income.

<sup>4</sup> Effective January 1, 2008, Texas has replaced the prior tax based on capital and earned surplus with a new "margin tax." Texas does not consider the margin tax as an income tax.

## CORPORATION income & franchise tax (quarterly cash collections)

### Corporation income tax

All corporations and entities taxed as corporations for federal income tax purposes deriving income from Louisiana sources, whether or not they have any net income, must file a corporation income tax return unless specifically exempted.

- Louisiana's corporation income tax closely follows the federal system and employs the federal definition of income and deductions with certain modifications.
- For multistate corporations, Louisiana net income is generally determined through formula apportionment with total net income apportioned to Louisiana based on the average of some combination of three factors: property, revenue, and wages.
- Louisiana allows a deduction for federal income tax in computing taxable income.

### Corporation franchise tax

Any corporation meeting any of the following provisions, unless specifically exempted under the provisions of Louisiana Revised Statute 47:608, must file a Louisiana corporation franchise tax return:

- Organized under the laws of Louisiana.
- Qualified to do business in this state or doing business in this state.
- Exercising or continuing the corporate charter within this state.
- Owning or using any of the corporate capital, plant, or other property in this state in a corporate capacity.

## GIFT & INHERITANCE tax (based on cash collections)

### Gift tax

Acts 2007, No. 371 repealed the gift tax effective July 1, 2008. For gifts that were made before July 1, 2008, a gift tax return must be filed by every person making gifts to a single donee totaling more than the amount of the applicable exclusion. The gift tax is primarily due from the donor. The gift tax is two percent for the first \$15,000 in taxable gifts and three percent for amounts above \$15,000. The tax is computed by applying the tax rates to the total of all taxable gifts made since July 30, 1940, after allowing the annual exclusions and any portion of the claimed and allowed specific lifetime exemption.

# INDIVIDUAL income tax per capita comparison

## INDIVIDUAL income tax (cash collection after accrual adjustments)

Louisiana individual income tax is based on federal tax laws for simplification, although Louisiana's tax is not a true "piggyback" system. The starting point for the computation of the tax is the federal adjusted gross income. A deduction is also allowed for the amount of federal income taxes paid.

The Louisiana individual income tax rates are:

**A taxpayer filing single, married filing separately, or head of household:**

- 2% of the first \$12,500 of taxable income;
- 4% of the next \$12,500;
- 6% of the taxable income over \$25,000.

**A qualified widow(er) or married persons filing jointly:**

- 2% of the first \$25,000 of taxable income;
- 4% of the next \$25,000;
- 6% of the taxable income over \$50,000.

\* Act 396 of the 2008 Regular Session of the Louisiana Legislature amended La. Revised Statute 47:32(A) to expand the amount of taxable income to which the four percent and six percent income tax rates are applied effective January 1, 2009.

# TOBACCO tax (comparison of LA & selected states)

## Tobacco tax

The tobacco tax is collected on the sale of stamps for cigarettes and on monthly reports on cigars and other tobacco products.

Tax stamps can only be purchased from the Secretary of Revenue and must be affixed in the premises of the wholesale tobacco dealer.

Every registered tobacco dealer must affix tax stamps in the required denominations and amount on the cigarette packages immediately after receipt of any unstamped cigarettes.

Every registered tobacco dealer receiving and handling cigarettes, cigars, and other tobacco products in Louisiana upon which tax has not been previously paid must file a report with the secretary within 20 days after the end of each calendar month.
